

THE MEGACITY COUNTDOWN ON OTA LIVE

SUBMISSION GUIDELINES

To qualify for The Megacity Countdown you must submit your song as a mastered WAV file. We will NOT be accepting MP3s. Please do not convert your MP3 into a WAV and then submit it.

The Megacity Countdown Submission Guidelines:

- Send mastered .WAV (or .AIFF) files to otalive@gmail.com via yousendit.com, sendspace.com etc...
- The submission must be an original song. Please do not submit dubs or freestyles.
- You must submit production credits for the song.
- If it's your first submission you must also submit a bio including the artist's story, influences, discography (albums, mixtapes, collaborations etc.), MySpace page, website etc...

Failure to fulfill any of these requirements will result in the submission's immediate rejection without a listen.

***Note to artists: We are looking for songs that you are pushing as a "single". We want songs that you will be pushing for a good 2-3 month period and hopefully longer depending on its success.**

Any questions, please e-mail: otalive@gmail.com

Tuesdays at 11pm
